

## SPEECHLESS

Believe it or not, I am truly speechless, but not exactly in the way you might think. Not because I have nothing to say, but because there is too much to say.

Our country has had a bad ten days, starting around Jan. 18th or 19th. Have you heard of these things? Do you watch news that tells you of such news?

1. You cannot have missed the vote of the New York State legislature legalizing abortion up to the moment of birth. And further, the abortion does not have to be performed by a medical doctor, but can be performed by a midwife or other medical person, and a baby who survives the abortion does not have to be kept alive!

Let's look at that. A child, a living child who happens to be 5 minutes old, can be left alone, unattended, to starve or choke or cry itself to death. Now picture your own child, or one you know, adorable and sweet as they are as infants, just left to die based on the whim, agonized or not, of the mother/doctor. Theoretically there is supposed to be some kind of cause making the abortion preferable, but so it was with divorce, until it became common and easy to do.

To add to the horror of that story, the legislature and the governor and spectators in the gallery stood and cheered and celebrated over this great victory. And they lit up several prominent buildings with pink light, to express their joy at their "victory".

Whether we admit it or not, abortion = infanticide. It's the same as the ancient Baal-worshipping Canaanites throwing infants into the fire to appease their god. We are appeasing the god of Leftism – the Enemy himself, full of anger, hatred, murder, and rebellion, and training his followers to be the same. Do you think God will take this lightly? Do you think those who push this evil will escape severe punishment (unless they sincerely repent)?

I think of how I was taught during my childhood, 60 years

ago, a brief moment in the span of history, and in that time, our nation and its values have turned around 180°. I am appalled to think we have gone so far backwards back into child sacrifice!

2. That same weekend was the March for Life (against abortion) in Washington D.C., attended by a group of high school boys from Covington Catholic High School in Covington, Kentucky. Several of them wore red MAGA (Make America Great Again) hats. While they were waiting for their delayed buses to take them home to Kentucky, a group called Black Hebrew Israelites, a racist hate group, gathered near and around them and for well over an hour called them unprintable names and threw insults at them.

The boys received permission from one of their chaperone advisors to drown out the vile language of this hate group using their school spirit chants. Then a "Native American" activist (Leftist) entered the scene, beating a drum, and he approached a fifteen-year-old student, beating his drum within inches of his face. None of the boys entered into the fray but stood their ground as they waited.

Almost immediately, the fake news outlets and Lying Leftist "personalities" and politicians put out the story that the boys were harassing the Native American and that they were despicable examples of the plague of this nation: privileged white Christian males. The narrative they created was wholly false, distorted by their own hatred of traditional American Values based on God's Spirit at our founding (and their hatred of all things Trump).

3. At the same time all this is happening, the battle for freedom in Venezuela is going on. Our leaders are trying to help the starving victims of Venezuela's Socialist dictatorship by supporting a legally elected leader of their legislature who is entitled to replace the illegally elected dictator. Again, the Left in our country are supporting the Socialist, thus supporting further starving the citizens, whose

individual weight loss averages 19 lb. since about 2014!

4. If you think this is all happening to someone else and won't touch you, think of this. Roger Stone is a guy whose loose connection to the Trump organization makes him a target of Robert Mueller's "investigation" of whatever he chooses to investigate. Mr. Stone is not violent, doesn't own a gun, and has offered to turn himself in to the FBI for his non-crimes, but instead, his home was invaded by

29 (!) SWAT cops in the predawn when he was still asleep. Can you believe this can happen here in this country? Really??

5. I haven't even mentioned the issue of the border wall needed to protect us all from illegals trying to swamp our country, accompanied by drugs that kill and violent terrorist types who sneak in with them. That whole scene of the Left hiding behind their own walls, protected by armed guards, but bleating about the "immorality" of a border wall is revolting.

America as we have known it is toast, folks. We are being swamped with Evil so fast, we can't keep track of it. We have only one place to turn – to God our Father, Who will never let us down. He will not sell out to the Enemy; He will not lie or murder or hate; he will receive us with open arms if we accept His offer and become an obedient Follower.

Thank You, Father! What a relief! Come quickly, Lord Jesus!

### A YOUNG WOMAN BROUGHT HER FIANCÉ HOME

A young woman brought her fiancé home to meet her parents. After dinner, her mother told the girl's father to find out about the young man.

The father invited the fiancé to his study for a talk. "So, what are your plans?" the father asked the young man. "I am a biblical scholar, hmmm?" the father said.

"Admirable, but what will you do to provide a nice house for my daughter to live in?" "I will study," the young man replied, "and God will provide for us."

"And how will you buy her a beautiful engagement ring, such as she deserves?" asked the father. "I will concentrate on my studies," the young man replied, "God will provide for us."

"And children?" asked the father. "How will you support children?" "Don't worry, sir, God will provide," replied the fiancé.

The conversation proceeded like this and each time the father questioned, the young idealist insisted that God would provide.

Later, the mother asked, "How did your talk go, honey?" The father answered, "Another Democrat. He has no job, he has no plans and he thinks I'm God."
