

## AT and TRUTH

### AMERICA IS NEARING THE LAST EXIT ON THE HIGHWAY TO HELL

By Michael Smith

In America today, if you are not a Democrat or are an insufficiently progressive Democrat, you too can be a counterrevolutionary and an enemy of the state. If you do not see the similarity between the bloodlust Stalin had for Trotsky and the hate Democrats have for Donald Trump and anyone associated with him — with Trump-supporters demonized as "domestic terrorists," "white supremacists," and "insurrectionists" — you either do not know history or choose not to look. . . .

The cancel mob will persecute anyone who says the wrong word, writes the wrong paper or editorial, retweets the wrong tweet, holds the wrong opinions, or is determined to be a danger to progressive ideology or Democrats — and "wrong" is defined as anything progressive Democrats don't like. . . .

Democrats are demanding that Republicans repeat the approved words about the election being free and fair, with

**CENSORED**

Biden as the legitimate president. Anything less is branded as "disinformation" and a "conspiracy theory." Anyone not willing to recite this new progressive catechism is branded an "insurrectionist" or an "enemy of democracy," and must be shamed and/or removed. Some Democrats are calling for people to be arrested, jailed, and sent to re-education camps for nothing other than holding "harmful" perspectives.

Scary stuff.

### THE 'DEMOCRATIC' TRANSFORMATION OF AMERICA

By Anthony J. DeBlasi

It is easy to fake science and use it to hoodwink the public. See how easy it was to make us all cover our faces, keep away from each other, remain stuck in our quarters, hesitate to hug even our loved ones! What reasonable person with a modicum of good sense actually believes that a *virus* can do this to us?

Deception of such great magni-

tude has so far favored the hoodwinking of the public, with the help of a complicity of media and the muscle of financial mercenaries. It's the same tactic in play for decades to get millions of gullible Americans to accept nonsense regarding "social justice," "inclusion," "multiculturalism," "diversity," "climate change," "transgenderism," and other cons dressed in clever words. Deceptive rhetoric, persistently applied, . . . turns the will of the people ("consent of the governed") into the will of the ruling class (the power grabbers of society), making a total mockery of "liberty and justice for all."

As moguls with no scruples and lots of gall reach for a "great reset button" to the chaos they have created, here and abroad, millions upon millions of lives have been turned upside-down and torn apart. . . .

Well, after a century of "progressive democracy," we have a large bloc of voters who accept political "corrections" like: men and women are interchangeable, children are the property of the state, unwanted babies are junk, there is no difference between right and wrong, white skin is evil, dishonesty, cheating, and lying are proper activities of government... the deforming changes to society can fill a book...

...while major cities collapse, places of industry become empty shells, residents are cowed into burying their faces under masks and keeping away from each other, including loved ones . . . while depression, despair, and non-Covid deaths multiply.

The ministers of Marxism have done their job well to make kids believe that their country is an evil place, that it can be saved if they follow the rules for "a better world" pumped into their heads by teachers brainwashed with the mission to dull minds and weaken the ability to think and act intelligently and independently, even reject natural gifts that don't suit the projected new world order.

. . . will there be a bright light at the end of the Progressive Tunnel? Fully awake and alert Americans see future generations living in darkness, slaves of heartless rulers, brain-dead to justice and mindless of the millions who sacrificed, bled and died, so that we may all have the freedom to think, act, and pursue our God-given right to the pursuit of happiness.

### AMERICA'S FRONTLINE DOCTORS ON THE COVID VACCINES

By H.P. Smith  
America's Frontline Doctors (AFLDS) recently published a white paper that is the first objective look at the experimental vaccines that are now being enthusiastically offered to the public on an ever-increasing scale.

First, all three vaccine candidates -- from Pfizer, Astra-Zeneca, and Moderna -- are still *experimental* and *investigational*. . . . The experimental vaccines from both Pfizer and Moderna utilize mRNA (messenger ribonucleic acid) which instructs the body's cells on manufacturing proteins. It is technology that has not "ever been approved for any disease, or even entered final-stage trials until now."

. . . The point of the white paper is not to say that people shouldn't get the shots; it is merely to inform people of the reality of the situation, such as the possibility that the vaccines may cause worse spread of the virus via asymptomatic carriers. Those vaccinated may think it is safe to be around others when it actually

isn't. . . . America's Frontline Doctors are also circulating a petition against the possible future mandating of the vaccine. Rumors have been spreading that there may come a time when employers, schools, airlines, and even concert venues may require proof of vaccination, which would be illegal on many levels, not the

least of which is the access by third parties to people's private medical data . . . It's interesting that the same "scientific" and media communities that rebranded HCQ -- a drug with decades of history of safe and widespread use -- as unsafe during mid-2020 is now aggressively pushing the distribution of vaccines with very little testing data of any kind and, by definition, zero data regarding any possible long-term complications. I ask why? . . . I am much more likely to listen to a group of respected practicing physicians brave enough to risk their careers in order to advocate caution in taking an experimental "vaccine" than I am to take the word of politicians, media talking heads, or the liability-immune pharmaceutical companies poised to make billions from its distribution.

The previous three excerpts come from articles that appeared last week on my favorite website, American Thinker. They express with great clarity backed by knowledge what is happening to us as a nation and culture. The third article is a warning to be very careful of the new vaccines against the virus, since they are unproven, untested, and experimental.

I REALLY would rather not talk about such downers anymore. I'm TIRED of it all, as I'm sure many of you are. We need to face the ugly realities of what's happening, stay vigilant, avoid being sucked into the deceptions ourselves, and then turn our eyes to God, arm ourselves with His Spirit and Truth, and be glad for what He offers us and for His wonderful creation.

*O LORD, our Lord, how majestic is your name in all the earth!*

*You have set your glory above the heavens.*

*Out of the mouth of babies and infants,*

*you have established strength because of your foes,*  
*to still the enemy and the avenger.*

*When I look at your heavens, the work of your fingers,*  
*the moon and the stars, which you have set in place,*  
*what is man that you are mindful of him,*  
*and the son of man that you care for him?*

*Yet you have made him a little lower than the heavenly beings*  
*and crowned him with glory and honor.*

*You have given him dominion over the works of your hands;*  
*you have put all things under his feet, all sheep and oxen,*  
*and also the beasts of the field,*

*the birds of the heavens, and the fish of the sea,*  
*whatever passes along the paths of the seas.*

*O LORD, our Lord, how majestic is your name in all the earth! (Psalm 8)*
