TAMPA, FL — Fresh off the case of George Bailey, Clarence the Angel embarked on a new mission over the weekend to show California Governor Gavin Newsom what California could be like if he'd never been born.

"I just picked him up and flew him over to Florida," Clarence explained. "Easiest job I've ever had."

Earlier in the day, residents had observed Newsom wandering the streets of San Francisco, muttering to himself about the futility of life. "I was supposed to be President! I was supposed to be the guy!" cried out Newsom. "Instead, I've spent my days toiling away in California -- and now, looking around at this crummy little state, what do I have to show for it? What has it all been for?" It was then that Clarence the Angel

descended to Gavin Newsom's side, arriving to visibly show Newsom the fruits of his life's work. "You're going to be given a great gift, Gavin - to see what California would look like if you had never been born!" exclaimed Clarence as they arrived in Florida. "Look at the unvarnished beauty of nature, walk the streets free of feces, see the livelihoods unruined, hear the laughter of children allowed to live! You see Gavin, each man's life touches so many other lives. See all the wonderful things that don't exist because of you? It really is a wonderful life here in Florida, isn't it?"

At publishing time, Newsom had reportedly taken the vision to heart, renewing his vow to become President so he could make Florida look just like California.

Why did I include this picture among a full page of humorous memes? Because I thought it a good opportunity to share truth about what's going on in Gaza. It's unlikely you hear of stories like this, because it doesn't fit the narrative of the mainstream media, politicians, and academia. They are trying to train us to hate Jews and to want to kill them (Why????), which is why you see so many students "protesting" against Israel and supporting the demons of Hamas on college campuses. This little story tells the truth about the difference between the Hamas demons and Israel's Defense Forces (IDF). Hamas, true to its master, Satan, is a cult of death, hatred, lying, and murder. Israel, for all its faults, follows God's ways of preserving life and care for humans, resulting in risky (to them) actions like this. God bless them! They deserve our full support! -- LG

From Amir Tsarfati:
This following is a text message sent by an IDF soldier, who is currently fighting in Gaza, to his mother:

"Yesterday, we discovered a local elderly woman stranded in the midst of the conflict zone. She was utterly helpless, abandoned by the Gazans who left her for dead. She recounted that she hadn't seen anyone for seven days and had barely consumed any food or water. We immediately took her to the Red Cross.

This incident encapsulates our response to this brutal war, a war for our humanity. Despite some soldiers expressing some uncertainty about risking themselves for this cause, our Brigade Commander emphasized the significance of upholding and adhering to our values.

These are the individuals I proudly fight alongside."

OH LOOK, GOVERNMENT CAUSED ANOTHER PROBLEM.

Think about this. A few years ago, we would have called this conspiracy theory. Now we suspect it's really true.

The context: if they are killing Jews, then it's ok. What's with the Jew-hatred, anyway?

The biggest story this week is the suppression of the story about the suppression of a story. Of course, that story is also suppressed. Stay tuned. We'll have less on this story later.
