SATIRE!

With the ground under America literally shaking today, many began wondering - might God be a tad bit angry at us? We at the Bee assembled the best theological minds to help us discern the truth!

Check out these signs God might be just slightly angry with your country:

1. The sun is about to be blotted out from the sky: Never a good start.
2. Your symbol for liberty just got struck by lightning: It's almost like some unseen power is trying to tell you something.
3. You have been given over to lust, greed, and endless Fast & Furious sequels: The end draws nigh!
4. Your bridges crumble and fall into the sea: Also, they will somehow take longer to rebuild than the Roman Colosseum.
5. 70 million unborn babies have been murdered over the last 50 years: Things like that might make God slightly angry.
6. Planes begin falling out of the sky: Ok, He might be a bit mad.
7. Madonna is still touring: Does the Lord's fury have no end?
8. The president speaks in strange, evil tongues: Nexnelsrent!
9. Pete Davidson: Behold, the son of perdition!

We are starting to get the sense that God may be just a touch angry with our nation. Let us know any signs that we missed!

From The Babylon Bee

Babylon Bee specializes in satire, which usually involves humor. You may have seen some of their articles that we have reprinted in this space. Some are genuinely funny, as in "laugh out loud" (lol) funny. Some just produce a smile. And then there are some like this one nearby.

"9 Signs God Might Be Slightly Angry With Your Country" includes a couple of funny points that might be numbers 7 and 9. I've never seen Madonna perform, although I know she's been around for a very long time. I have no idea who Pete Davidson is.

Otherwise, the remaining points may be satire, but they are serious satire.

1. This refers to the solar eclipse on April 8.
2. The Statue of Liberty actually did get hit with lightning on April 3. Amazing.
3. This one is a little obscure, but refers to Bible passages that describe how God gives us up to our passions when we've turned away from Him and indulged ourselves.
4. Obviously, this is a reference to the Francis Scott Key bridge collapse, which is possibly a coordinated act of terror against the U.S.
5. Self explanatory and a gross understatement. Probably the most serious item on the list.
6. Have you been reading about engine covers falling off, fires in engines, doors blowing off, tires blowing, all in Boeing planes in recent months?
7. Madonna. I dunno.

8. Anyone who is aware and watches what's happening with the federal government knows that our President is embarrassingly incompetent and senile. That's not partisan. It's just true.

9. Pete Davidson. I dunno.

It's kinda scary, isn't it, to watch our once great nation fall apart so fast?

In his letter to the Romans, the Apostle Paul gave his people advice that can help us now:

(Excerpted from Romans 12)

"Let love be genuine. Abhor what is evil; hold fast to what is good. Love one another with brotherly affection. Do not be slothful in zeal, be fervent in spirit, serve the Lord. Rejoice in hope, be patient in tribulation, be constant in prayer. Contribute to the needs of the saints and seek to show hospitality."

Bless those who persecute you; bless and do not curse them. Rejoice with those who rejoice, weep with those who weep. Live in harmony with one another. Do not be haughty, but associate with the lowly. Never be wise in your own sight. . . . Beloved, never avenge yourselves, but leave it to the wrath of God, for it is written, "Vengeance is mine, I will repay, says the Lord." To the contrary, "if your enemy is hungry, feed him; if he is thirsty, give him something to drink; for by so doing you will heap burning coals on his head." Do not be overcome by evil, but overcome evil with good."
