

The State Of Our Nation

From "Not the Bee" of August 9. "Not the Bee" is one of the best sources of news/commentary/faith perspective/humor I know. It is not satire as is the original "Babylon Bee".

This is unbelievable. It makes me want to barf!

Guess who is about to compete for gold in women's boxing?

I just thought I'd stop in and remind you that we have two dudes still competing in Olympic women's boxing. What's more, the conclusion is playing out like we all joked it would.

Unfortunately, it's also "US"! To a large degree, we American citizens have let this happen.

Olympic commentator corrected by cohost for using wrong pronouns for female athlete.

Yo, this is what the Woke Olympics are all about right here. We got a women's event coming up in the shot put and the male announcer says "good to see her back" when referring to Raven Saunders of the U.S., who is apparently non-binary now.

I am speechless. This is intentional destruction of our kids' moral foundations.

This WaPo writer thinks that high school boys who offer girls tampons are "studs." Come see the glorious replies.

The hashtag #TamponTim has been trending this week, a delightfully savage mockery of Democratic vice presidential nominee Tim Walz's decision, as governor of Minnesota, to put tampon dispensers in boys' bathrooms in schools throughout the state.

THIS IS AN ABOMINATION BEFORE OUR GOD!!! -- lg

Tim Walz's church is exactly as heretical as you think it is.

Pilgrim Lutheran Church in St. Paul is a comically over-the-top cliché-fest of cringy Democrat Party talking points delivered by pony-tail boomer hippies who think celebrating queerness and antiracism is what Christianity is all about.

Who knew that simple responsible parenting would become so risky?

This cop thought it was suspicious that a dad was taking an early morning walk with his son so he cuffed him and slammed him on the ground.

Disgraceful stuff from cops that should know better.

Kamala Harris has picked the social-ism-praising governor of Minnesota as her running mate to create the most far-left ticket in American history!

When we go to vote in November, we need to keep this in mind. Please see below.

This will be the most radical Leftist, even communist, ticket ever, wanting to take over the American government, and therefore much of the world. LG

Welcome to the race, Tim Walz!

Let's make sure America Knows who you are.

You helped ignite the George Floyd riots, the worst the country had seen in decades. While Minneapolis burned, you stalled on deploying the National Guard for an entire day, blaming the city for not submitting the right paperwork. You let your daughter leak the Guard's deployment plan online, so that rioters would know how long they had to loot the city with impunity. Minneapolis is a war zone because of you.

Just days after the attempted murder of Donald Trump, you called him and his supporters "fascists," egging on the same rhetoric that led to him being shot in the first place.

You have overseen some of the most radical youth trans surgery lows in the country. Under your leadership teenagers can get their breast chopped off and get sterilized, and your government calls it "healthcare."

You have the most radical abortion laws in the country. Zero limits. Every year 5-6 babies are BORN ALIVE and then murdered "legally" under laws you support.

On immigration, you famously said you wanted to provide a "ladder" so invaders can come over Trump's wall. You are a radical open border zealot.

You oversaw the single worst fraud on the Covid era, the Feeding Our Future case. Thanks to ineptitude at your Department of Education, criminals stole \$250 million of taxpayer dollars to spend on luxury cars, houses, and vacations.

Also during Covid, you approved \$500 million in "here pay" for frontline workers, only to have 40% of that money go to people who were ineligible or, in many cases, literally deceased.

In the House, you were Pelosi's sidekick and did whatever the Democrats demanded.

You will try and disguise yourself as a folksy midwestern moderate. In reality, you are a white male version of Kamala Harris. Radical. Inept. Undeserving to be in leadership.
