

On The Lighter Side of Serious Stuff . . . from the Web

I was searching for memes for this commentary and found that so many were so good that I couldn't resist commenting on each one. We also threw a couple more in just because.

PATRIOTPOST.US: OBJECTIVE AND UNCENSORED ANALYSIS

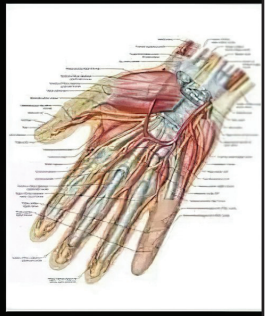

This is so true, and the picture shows perfectly how I think Hell will be for those who reject God's offer of salvation. Life will be dark, dull, without joy, without pleasure, without any of God's goodness that we take for granted. Nothing wonderful. Just tedium, frustration, boredom, anger. You can avoid a life in that gray picture if you surrender and commit yourself to God, Creator of the Universe (!) and lover of YOU(!). He's waiting for you. The time is short. Just do it!

Yesterday I bought a world map, gave my wife a dart, and said, "Throw this and wherever it lands, I will take you on vacation." We're spending 3 weeks behind the fridge.

Isn't that the way it works? People who oppose and hate God come up with alternative theories that are ridiculously unbelievable or ludicrous. As if the robot is more ingenious and reliable than the human hand and brain! What happens if they forget the password to the robot? 😊

I took my suit to the cleaners, who wanted to charge me \$40, so I gave it to the charity next door. They cleaned and pressed it and put it in the window. I bought it back for \$15.

We are so-o-o-o toast. As technology develops and makes life "easier", individual learning and expertise recede. We no longer need to know how to do stuff – only which button to push. And it's a deliberate effort on the part of the Left to dumb us down. Knowledge more and more becomes the property of the elite. We at the bottom of the ladder can do fewer and fewer things for ourselves. Yes, I know, this also ridicules the transgender madness, a sign of our disintegrating moral foundations.

As I walk through the Valley of the Shadow of Death, I remind myself that you can't always trust Google Maps.

PATRIOTPOST.US: OBJECTIVE AND UNCENSORED ANALYSIS

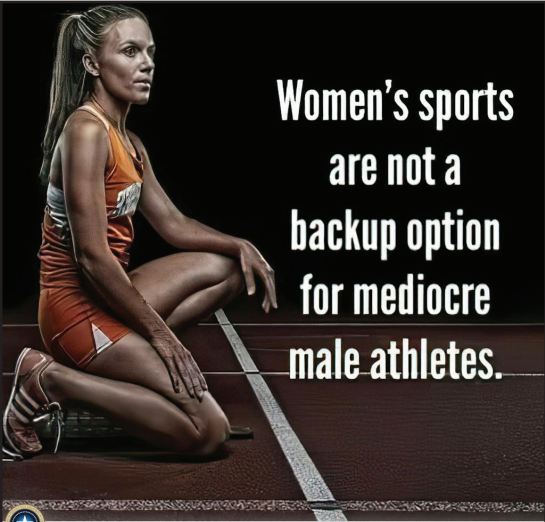

I am in awe of those who knowingly and willingly give their lives that others may live – first responders, guys in the military, firefighters, and others. Wow.

OK, maybe it's overstated a little, and maybe even a lot. As time goes by, we are learning that some processed food really does contain unhealthy ingredients. Robert Kennedy is passionate about this, and will join the Trump administration just to pursue the subject of rampant disease and sickness afflicting Americans.

My wife said: "That's the 4th time you've gone back for dessert! Doesn't it embarrass you?" I said: "No, I keep telling them it's for you"

Is that not so obvious as to be laughable? Does it not make you grind your teeth to see so many institutions and individuals insisting on letting biological males compete in women's sports? Why don't more women walk off when males are present? Why aren't there sports leagues just for transgenders? Why do these people insist on cramming their agenda down our throats?

Growing up, we knew Dad had had enough when we heard the recliner slam down. Kids these days will never know that fear.

You cannot vote to abort children Tuesday then sing "Oh, how I love Jesus" Sunday

PATRIOTPOST.US: ANALYSIS FROM OUTSIDE THE BELTWAY

Nothing one can say to this except YESSSS! And at the same time, to those who have had abortions, if you recognize the sin, regret it, turn to God, asking His forgiveness, He WILL forgive you!

Also, the MSM would have Jesus "debate" with Satan (Lucifer, the devil), and the moderators would rig the game so that the devil got more time and was not fact-checked. The "debate would be 3 to 1 against Jesus.

I now know how it will all end for me... One of my kids will unplug my life support to charge their phone.

Nothing to say except Hahahahahaha-hahahahahahaha. . .!!!!

At a wedding reception, someone yelled: "All married people please stand next to the one person that has made your life worth living." The bartender was almost crushed to death.
